GENERAL INFORMATION

Beginning in September 1965, the First Year of studies leading to the degree of Bachelor of Science in Nursing (B.Sc.N.) in the School of Nursing for graduates of Diploma Schools of Nursing will be offered through the Division of University Extension. This degree course provides a professional preparation for nursing in both the hospital and public health field, for teaching in schools of nursing and supervision of nursing service.

Any graduate of a diploma school of nursing who is unable to attend this University in the usual way may apply for admission to the Degree Course for Graduates of Diploma Schools of Nursing (Extension).

Only the First Year of the Degree Course for Graduates of Diploma Schools of Nursing is available through part-time study at present. Students wishing to proceed to the degree will, therefore, find it necessary to enrol as full-time students for the Second and Third years.

ADMISSION REQUIREMENTS

A candidate for admission to the First Year of the Degree Course for Graduates of Diploma Schools of Nursing (Extension) must, in addition to a diploma from a recognized diploma school of nursing, present the Ontario Grade XIII certificate, or equivalent, in at least nine papers chosen to satisfy each of the following groups with a minimum overall average of 60%.

- (1) English* (2 papers)
- (2) Latin* or Mathematics (2 papers)
- (3) One language* (2 papers) from:

French
German
Greek
Italian

Russian
Spanish
Latin (if not already chosen)

- (4) At least three papers from:

Algebra; Analytical Geometry; Trigonometry and Statics; Botany; Zoology; Chemistry; Physics; Geography; History; Music† or Art‡; a language* (2 papers).

*In June 1965 the Grade XIII examinations in English, French, German, Greek, Italian, Russian, Spanish and Latin will consist of a single paper. For purposes of meeting the nine papers in the admission requirements for all courses, this examination will carry the weight of two papers. The single mark will have the weight of two marks in determining the overall average mark.

†Music options for Ontario: In lieu of Ontario Grade XIII Music, standing in one of the following examinations of the Royal Conservatory of Music of Toronto, or equivalent, is accepted: (I) Grade 8 Practical with Grade 2 Theory; (II) Grade 4 Theory. If the Royal Conservatory of Music of Toronto, or equivalent, examinations are offered, candidates must have the required overall average for the course sought on the eight Academic papers offered. Royal Conservatory of Music of Toronto, or equivalent, examination marks are not included in the calculation of the over-all average.

‡Candidates may not offer both Art and Music.

Applicants for admission should regard holding the published admission requirements as meaning only that they are eligible for selection to the University. Under the University's admission practices, the school record of the applicant, the report of the Principal and other tests of the student's ability including SATO scores, are considered. The length of time taken and number of sittings at examinations to obtain the admission requirements also are taken into account.

Equivalent Certificates

The following certificates are usually accepted as equivalent to Ontario Grade XIII although individual subjects cannot always be equated. Standing as outlined above is required on the following certificates:

(for list of equivalent certificates, see next page).

Canada—

Alberta, Manitoba, Nova Scotia, Saskatchewan—Grade XII
British Columbia, New Brunswick—Senior Matriculation
Newfoundland—First Year Memorial University
Prince Edward Island—Third Year Certificate of Prince of Wales College
Quebec—Senior High School Leaving Certificate; McGill Senior School Certificate; English Catholic Senior High School Leaving Certificate (5th year High—Grade XII).

Specific details on the standing required from applicants who have not been educated in Ontario will be supplied by the Department of Admissions, Office of the Registrar, on request. For candidates educated outside Canada, the following certificates are required:

England, West Indies, East and West Africa—

- (i) General Certificate of Education showing either
 - (a) Passes in five subjects of which at least two must be passed at advanced level; or
 - (b) Passes in four subjects of which at least three must be passed at advanced level
- (ii) School and Higher School Certificates, which are equated to the General Certificate of Education, are accepted on the following basis:
Credits on the School Certificate are accepted as ordinary level passes on the General Certificate of Education; subsidiary passes on the Higher School Certificate as ordinary level passes on the General Certificate of education; and principal or main subject passes on the Higher School Certificate as advanced level passes on the General Certificate of Education.

Hong Kong—

- (i) General Certificate of Education or School and Higher School Certificates as stated above; or
- (ii) University of Hong Kong Matriculation Certificate on same basis as General Certificate of Education

United States of America—

First Year University Credits (a minimum of 30 semester hours) in the required subjects from accredited institutions of higher learning. A U.S. High School Graduation Diploma will not admit to any course.

Candidates seeking admission on the basis of certificates which are in a language other than English must submit photostatic copies of their certificates, rather than the original copies. Notarized English translations of the certificates must accompany the photostatic copies. When the certificates do not indicate the subjects studied and the grades secured in the individual subjects in the final year, candidates are required to submit certified statements from authorized officials of the institutions attended, or submit statutory declarations giving the required information.

English Facility Requirements

All applicants are required to submit evidence acceptable to the University of Toronto of facility in English. Candidates whose mother tongue is not English may be required to meet an appropriate standard in a recognized English Facility test. The following evidence is acceptable:

- (a) The University of Michigan English Language Test. This test is available at the University of Toronto for residents of the Toronto area. Inquiries about writing the test in Toronto should be addressed to the Admissions Department, Office of the Registrar, Simcoe Hall, University of Toronto.
- (b) The Certificate of Proficiency in English issued by the Universities of Cambridge or Michigan.

Information about writing the tests in (a) or (b) above in overseas centres may be obtained from the Admissions Department, Office of the Registrar, Simcoe Hall, University of Toronto.

The University is prepared to consider other evidence of English facility which may be submitted for evaluation to the Registrar of the University.

Mature Students

Admission Regulations

Candidates of mature age (30 years or older on October 1 of the regular session, or July 1 of the summer session, to which admission is sought) who have lived in Ontario for a minimum period of one year, and are normally resident in Ontario may request special consideration if they have not completed in full the published Grade XIII (or equivalent) requirements. Such applicants must submit a birth certificate at the time of application.

Probationary Status

Candidates accepted by the Senate's Committee on Admissions as mature students are admitted on probation.

A mature student, registered in the Bachelor of Science in Nursing (Extension), who does not meet in full the published admission requirements, and who has been admitted as a mature student on probation, must obtain standing on the initial attempt in at least five of her first six subjects in order to have her probationary status removed. If the student fails more than one of her first six subjects, she will not be allowed to re-enrol in the Degree Course for Graduates of Diploma Schools of Nursing (Extension), or to enrol in any other course in the University of Toronto, until she presents in full the published admission requirements.

Note:

A student on probation who fails to obtain standing in one subject and subsequently successfully passes the supplemental examination in that subject is nonetheless considered to have once failed to obtain standing.

Admission with Advanced Standing

Candidates seeking admission to the Degree Course for Graduates of Diploma Schools of Nursing (Extension) with advanced standing must send to the Department of Admission, Office of the Registrar, Simcoe Hall, prior to August 15 for the Winter Session, April 1 for the Summer Evening Session or May 15 for the Summer Session, a completed Application Form together with the documents outlined in Procedure for Admission to the Bachelor of Science in Nursing (Extension), paras. c and d (see page 8).

PROCEDURE FOR ADMISSION TO THE BACHELOR OF SCIENCE IN NURSING (EXTENSION) COURSE

Students seeking admission to the Degree Course for Graduates of Diploma Schools of Nursing (Extension) may obtain application forms from the Office of Admissions, Simcoe Hall, University of Toronto, Toronto 5, or from the Division of University Extension, University of Toronto. Do not confuse the admission procedure with registering for classes.

Documents to be sent with the application form are:

- (a) Ontario Grade XIII certificate (or an equivalent certificate indicating the subjects studied and the grades obtained).
- (b) A transcript of professional training at a recognized diploma school of nursing.
- (c) Official Transcripts issued by the University or College previously attended, giving in detail the subjects completed, with the standing and grades obtained in each. Transcripts or a supporting letter from the Registrar of the University or College must indicate that the candidate has been granted honorable dismissal and is eligible for selection to the Bachelor of Science in Nursing (Extension) course in the session for which she seeks admission to the University of Toronto, and
- (d) Official Statements or calendars giving full information on the content of the University Courses covered by the transcripts submitted.
- (e) Birth certificates must be submitted by students seeking admission under the mature student regulation.

Candidates who are not certain that they meet the published admission requirements should communicate with the Admissions Department, Office of the Registrar, Simcoe Hall, giving full details regarding their academic standing, before submitting formal applications.

Each candidate for admission will be notified of the University's decision as early as possible and should await this decision before registering for classes. Registration forms are mailed to candidates with letters of admission.

Candidates who fail to register for the Degree Course for Graduates of Diploma Schools of Nursing (Extension) in the session to which they were admitted or who withdraw from the course before standing in at least one subject has been established must re-apply for admission to any subsequent session.

PROCEDURE FOR REGISTRATION

New students must be admitted to the University before they may register for subjects. The admission procedure is complete only upon a candidate's receipt of a letter of admission bearing her student number.

Students are advised to register by September 1 for the Winter Session, April 20 for the Summer Evening Session and June 10 for the Summer Day Session so that they can receive their Admit-to-Lecture Cards before lectures begin. Registration Forms will not be accepted after September 30 for the Winter Session, May 1 for the Summer Evening Session and June 30 for the Summer Day Session.

FEES: To be valid each registration form **MUST** be accompanied by a cheque payable to the "University of Toronto", at par, Toronto. Post dated cheques will not be accepted. Please do not send cash by mail.

REGISTRATION FORMS: New students will receive a registration form with their letters of admission. These should be filled in according to instructions and returned to the Chief Accountant, by the appointed dates with fees in full. Returning students will normally receive by mail a registration form and calendar by August 15 each year. Those who do not receive such forms should request them from the Division of University Extension. The registration form should be filled in according to instructions and returned to the Chief Accountant by the appointed date with fees in full.

N.B. Returning students should not await examination results before registering for the succeeding session.

ADMIT-TO-LECTURE CARDS will be issued promptly for the subjects selected, but it is the responsibility of each student to choose subjects that comply with published regulations.

Students must be prepared to present admit-to-lecture cards when attending lectures, borrowing books from the library, or writing examinations.

It is of the utmost importance that the Admit-to-Lecture Card be correct in every detail. Discrepancies should be reported immediately and the card returned for correction.

Changes of address must be reported immediately.

4. The marks for term work in a subject will be determined in the manner considered most suitable by the Department concerned.
